MOD.

Welcome to MOD.

This is the Bradley Building, part of the new Adelaide University. It is a tall building with 16 levels.

MOD. is located on the ground floor and first floor levels inside. You can enter MOD. using the large doors on North Terrace.

When you come into MOD. you will find the café.

It might be busy and noisy, with music and people talking and eating. You might smell the food that they are cooking or coffee they are drinking.

The café staff are very friendly. They are always happy to say hello.

BEGINNINGS is our new exhibition.

You might notice a big rock wall facing the cafe. This is the start of the exhibition.

Curious what might be inside?

You will see our Moderators in the museum. They wear black or purple vests with strips.

They are friendly and you can always ask them for help if you need.

There are nine exhibits that you
can explore in BEGINNINGS.

Some are bright and some
are dark. Some are quiet and
some are noisy.

Don't be afraid. MOD. is always a
safe place to be.

Above you there may be lights,
projectors and sculptures hanging
from the ceiling.

These are secured safely and
won't fall down.

There are lots of things to touch.

We use lots of technology.

There are screens to watch and many buttons, knobs and dials to play with.

There are toilets on the ground floor and first floor levels if you need them.

If you can't find them, just ask a Moderator or someone at the café .

You can take the stairs or the lift to get between the ground and first floor levels.

If you want to go outside, we have a Terrace on the first floor level.

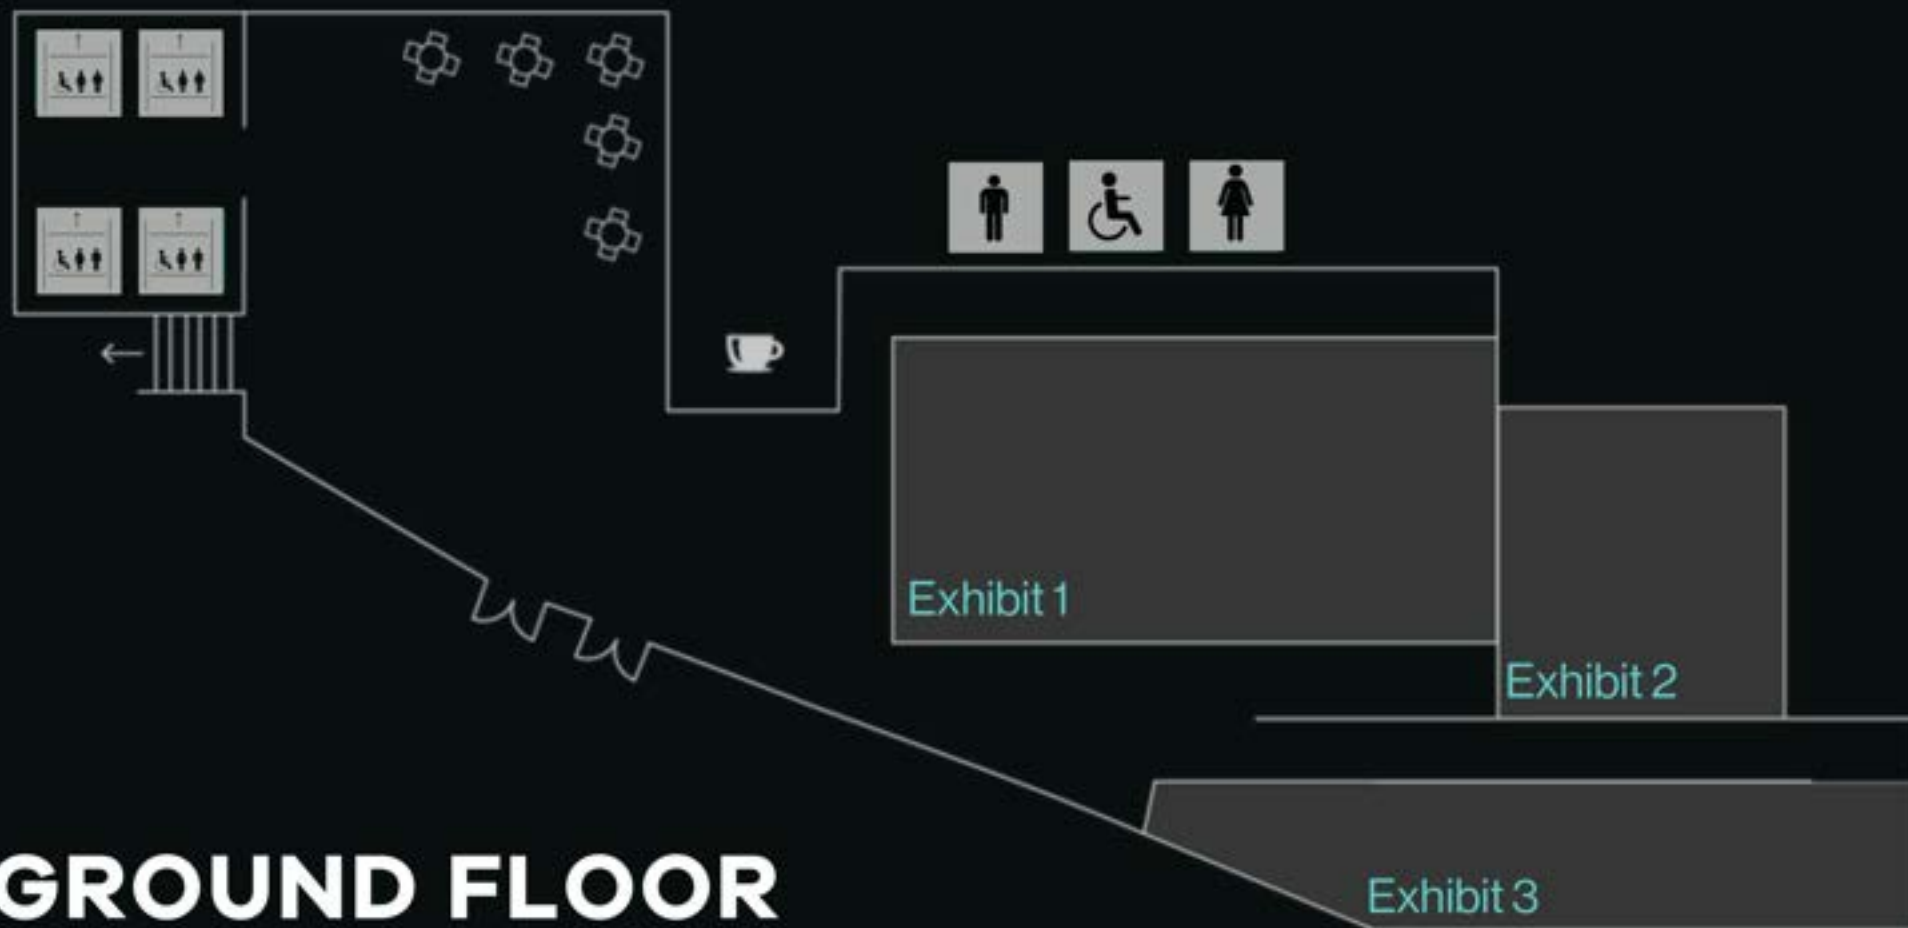

The Terrace overlooks the train tracks. It can be fun to watch the trains, but it can also be very noisy!

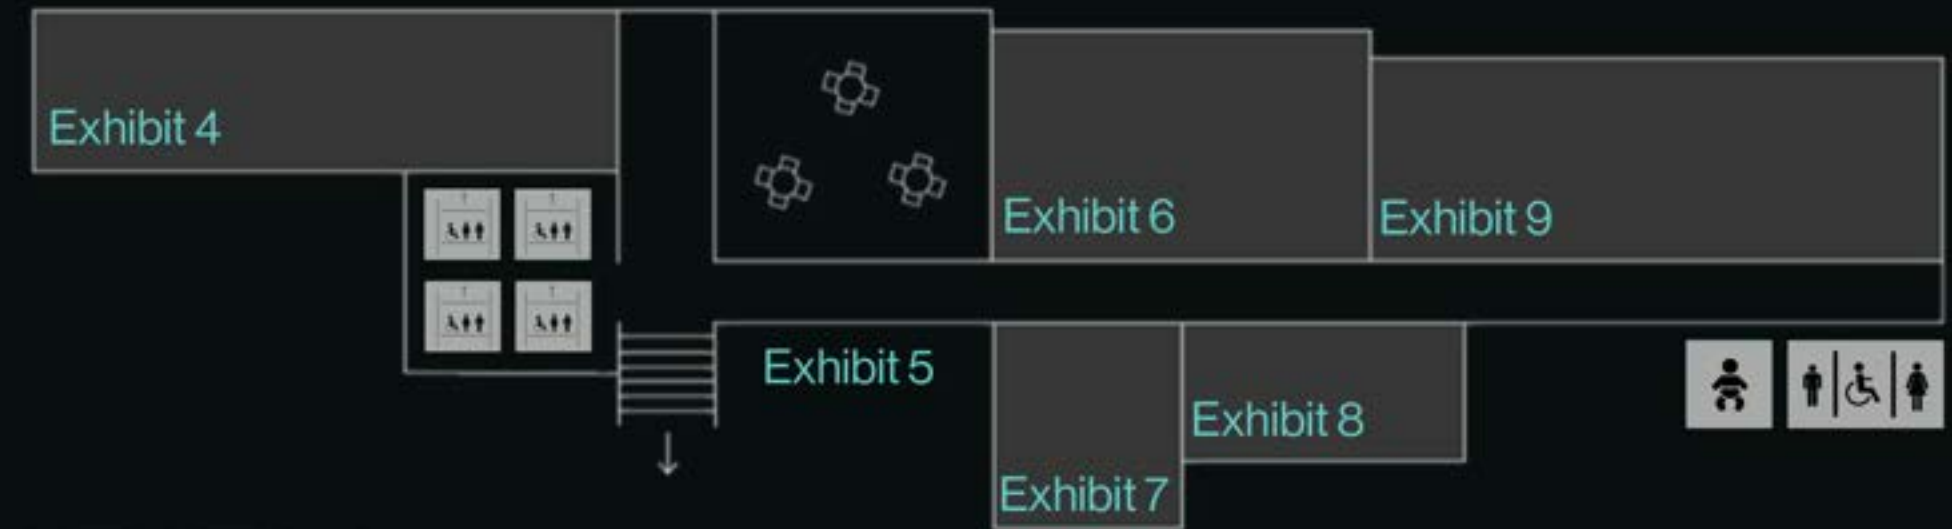

If you need a break, there is a multi-access suite available on the first floor level near Futures Gallery.

Inside there are private rooms with chairs.

There is also water and cups available for use. Go ahead!

LEVEL 1

We hope you have fun exploring our museum!

If you have any other questions please ask one of our moderators.
