BROKEN

Welcome to MOD.

This is the UniSA Bradley Building. It is a tall building with 16 levels.

MOD. is located on the ground and first levels.

When you come into MOD, you will see a café.

It might be busy and noisy, with music and people talking and eating. You might smell the food that they are cooking.

The café staff are friendly.

BROKEN is our new exhibition.

You might notice a large neon sign near the Foyer entrance. This is the start of the exhibition.

You will see our Moderators in the museum.

They wear black or purple vests with strips. They are friendly and you can ask them for help if you need.

There are eight exhibits that you can explore.

Some are bright and some are dark.

Some are quiet and some are noisy.

There are some lights, projectors and sculptures that will hang from the ceiling.

These are secured safely and won't fall down.

There are lots of things to touch.

We use lots of technology.

There are screens to watch and play with.

There are toilets on the ground and first levels.

If you can't find them, you can ask a Moderator or someone at the café .

You can take the stairs or the lift to get between the Ground and First Levels.

If you want to go outside, we have a balcony on the first level.

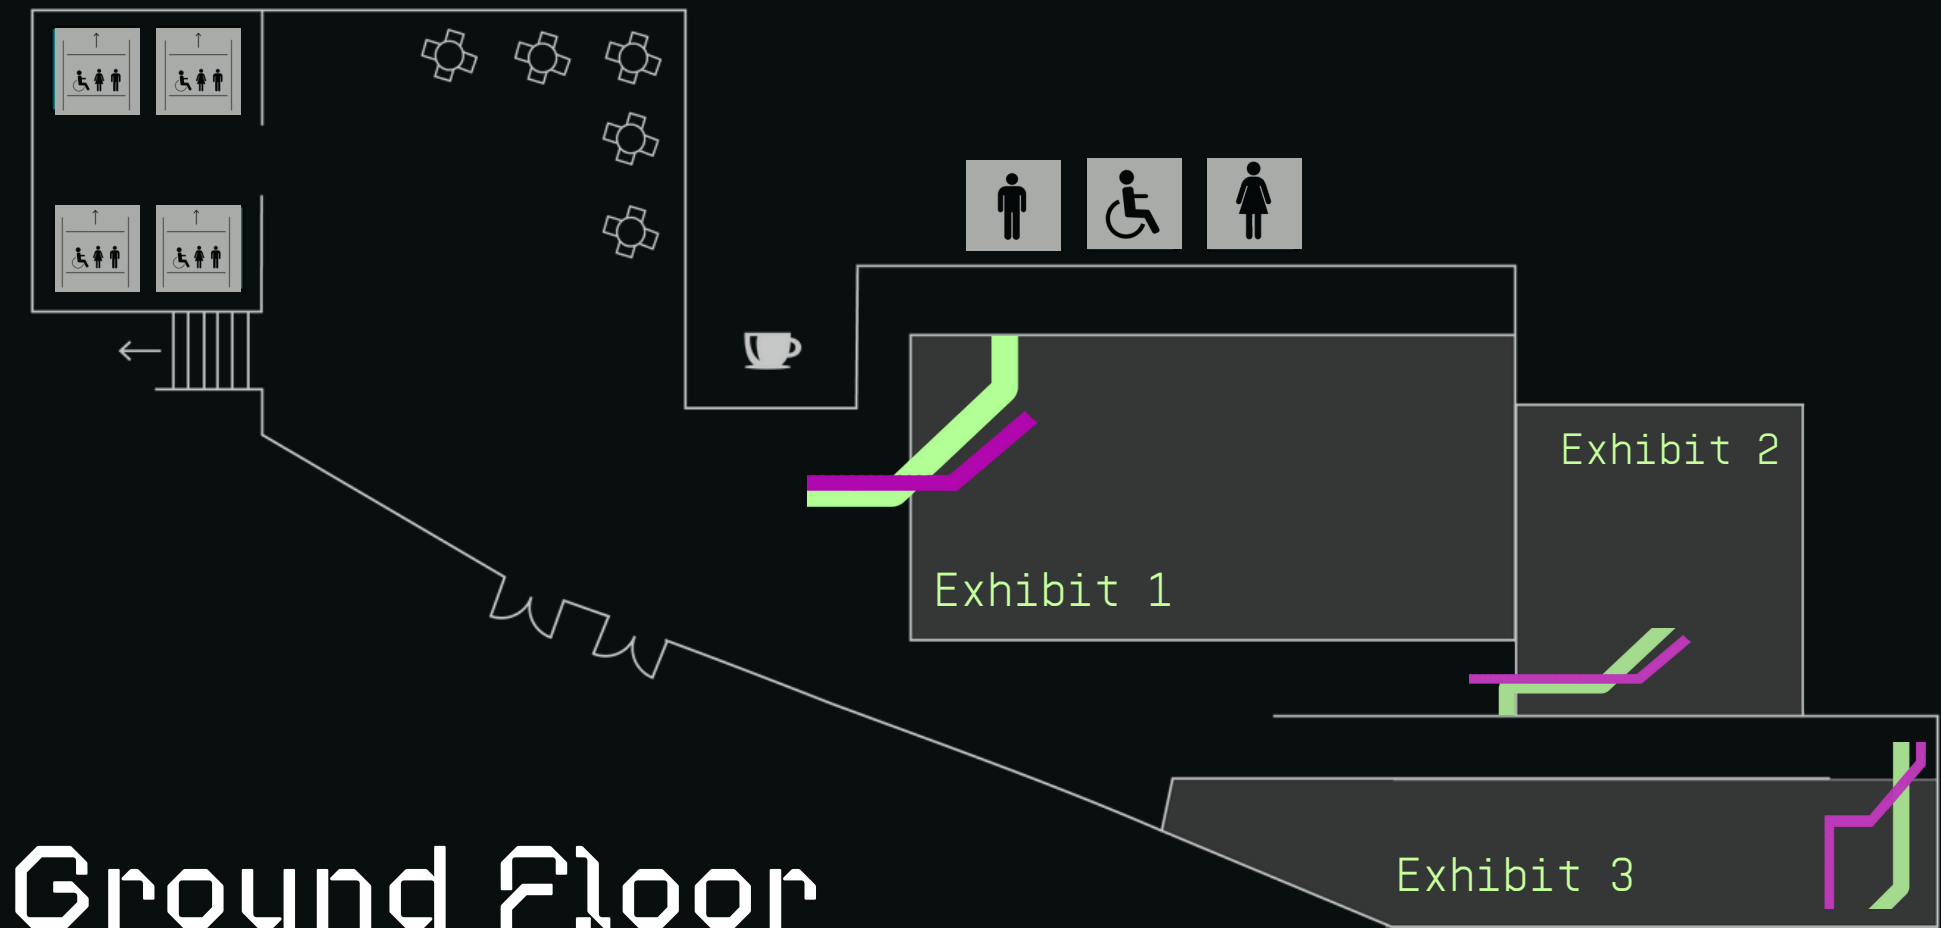

The Terrace overlooks the train tracks. It can be fun to watch the trains, but it can also be noisy!

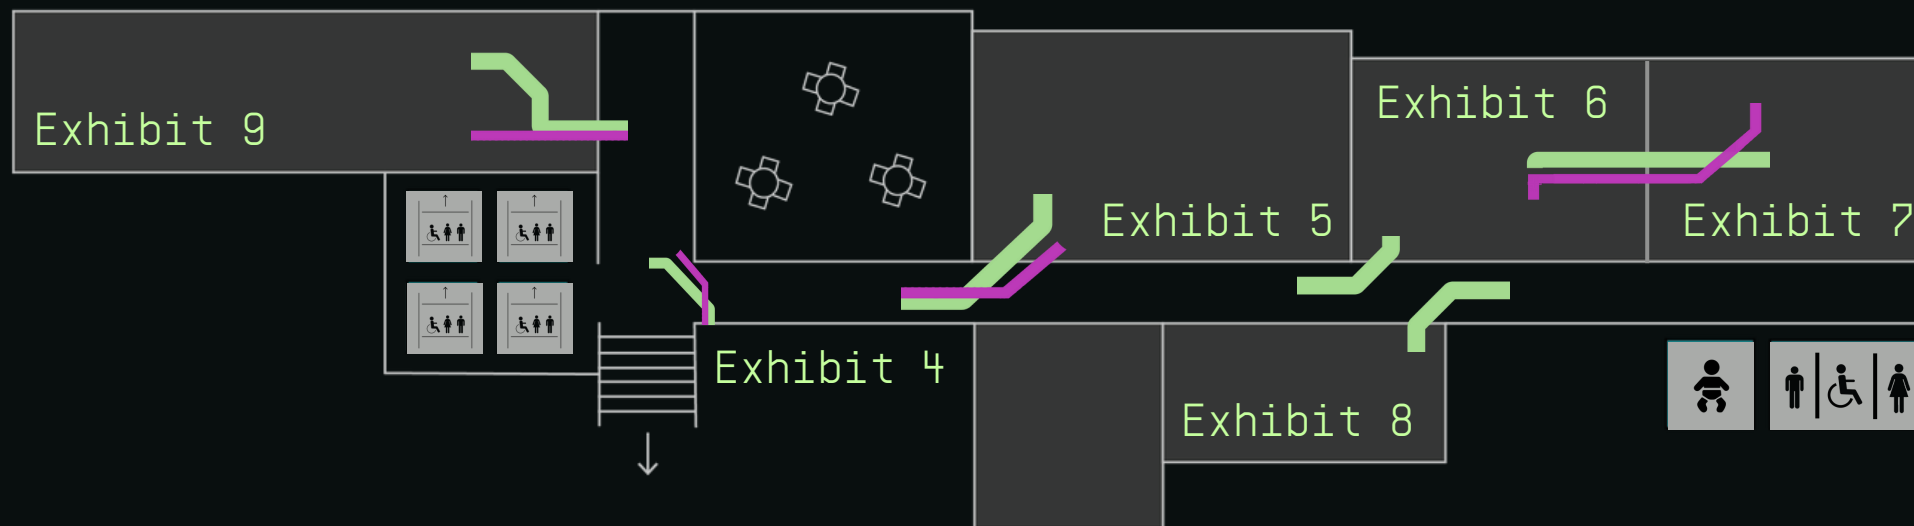

If you need a break there is a multi-access suite available on level 1 near Futures Gallery.

Inside there are private rooms with chairs.

There are also water and cups available for use.

Level 1

We hope you have fun exploring our museum!

If you have any other questions please ask one of our moderators.
