

# **MOD. Social Story**

INVISIBILITY 2022

# Welcome to MOD.

This is the UniSA Bradley Building. It is a tall building with 16 levels.

MOD. is located on the ground and first levels.

When you come into MOD, you will see a café called Food Lore.

It might be busy and noisy, with music and people talking and eating. You might smell the food that they are cooking.

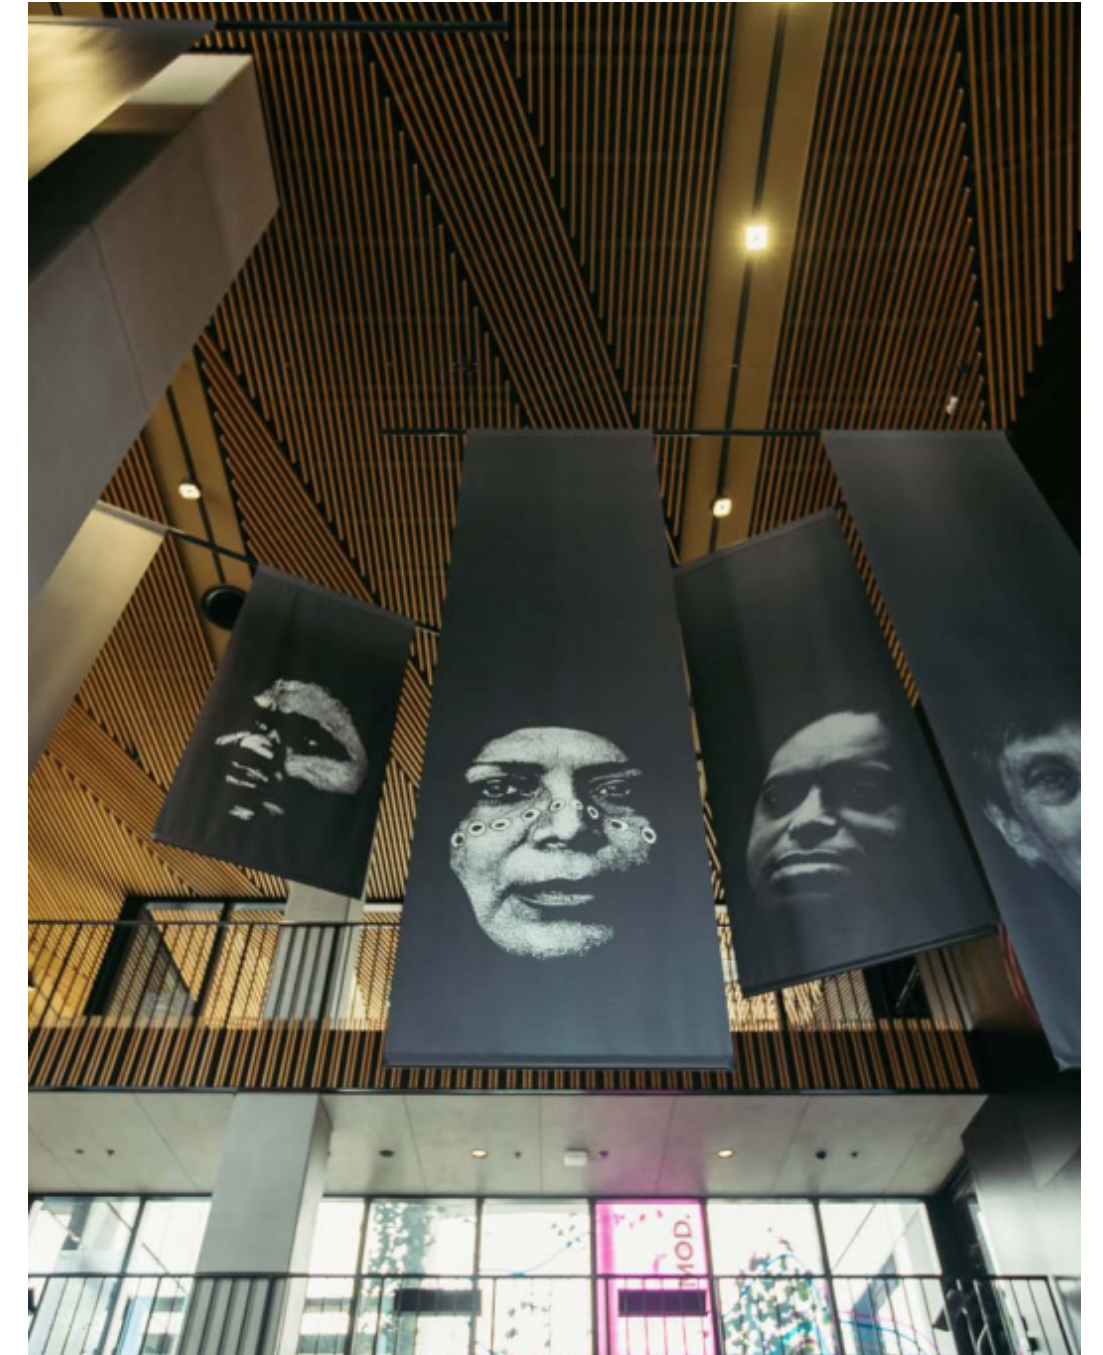

Food Lore staff are friendly

INVISIBILITY is our new exhibition.

You might notice photographs hanging in the foyer. Don't worry, they can't fall down.

You will see our Moderators in the museum.

They wear black or purple vests with strips. They are friendly and you can ask them for help if you need.

There are eight galleries  
that you can explore.

Some are bright and  
some are dark.

Some are quiet and  
some are noisy.

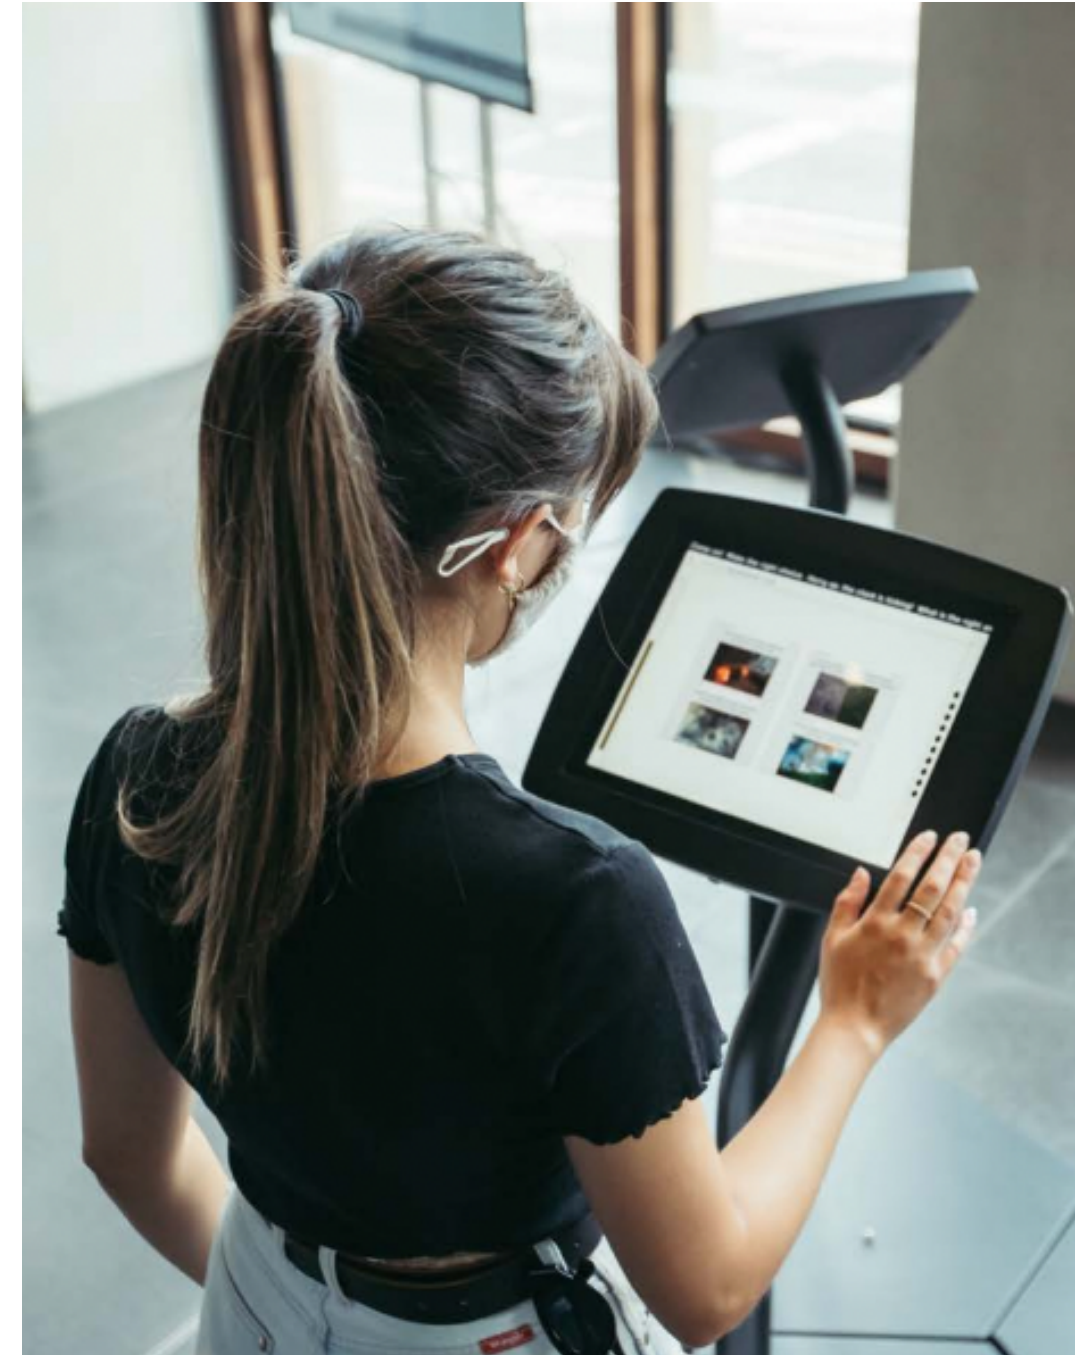

There are lots of things to touch.

We use lots of technology.

There are screens to watch and play with.

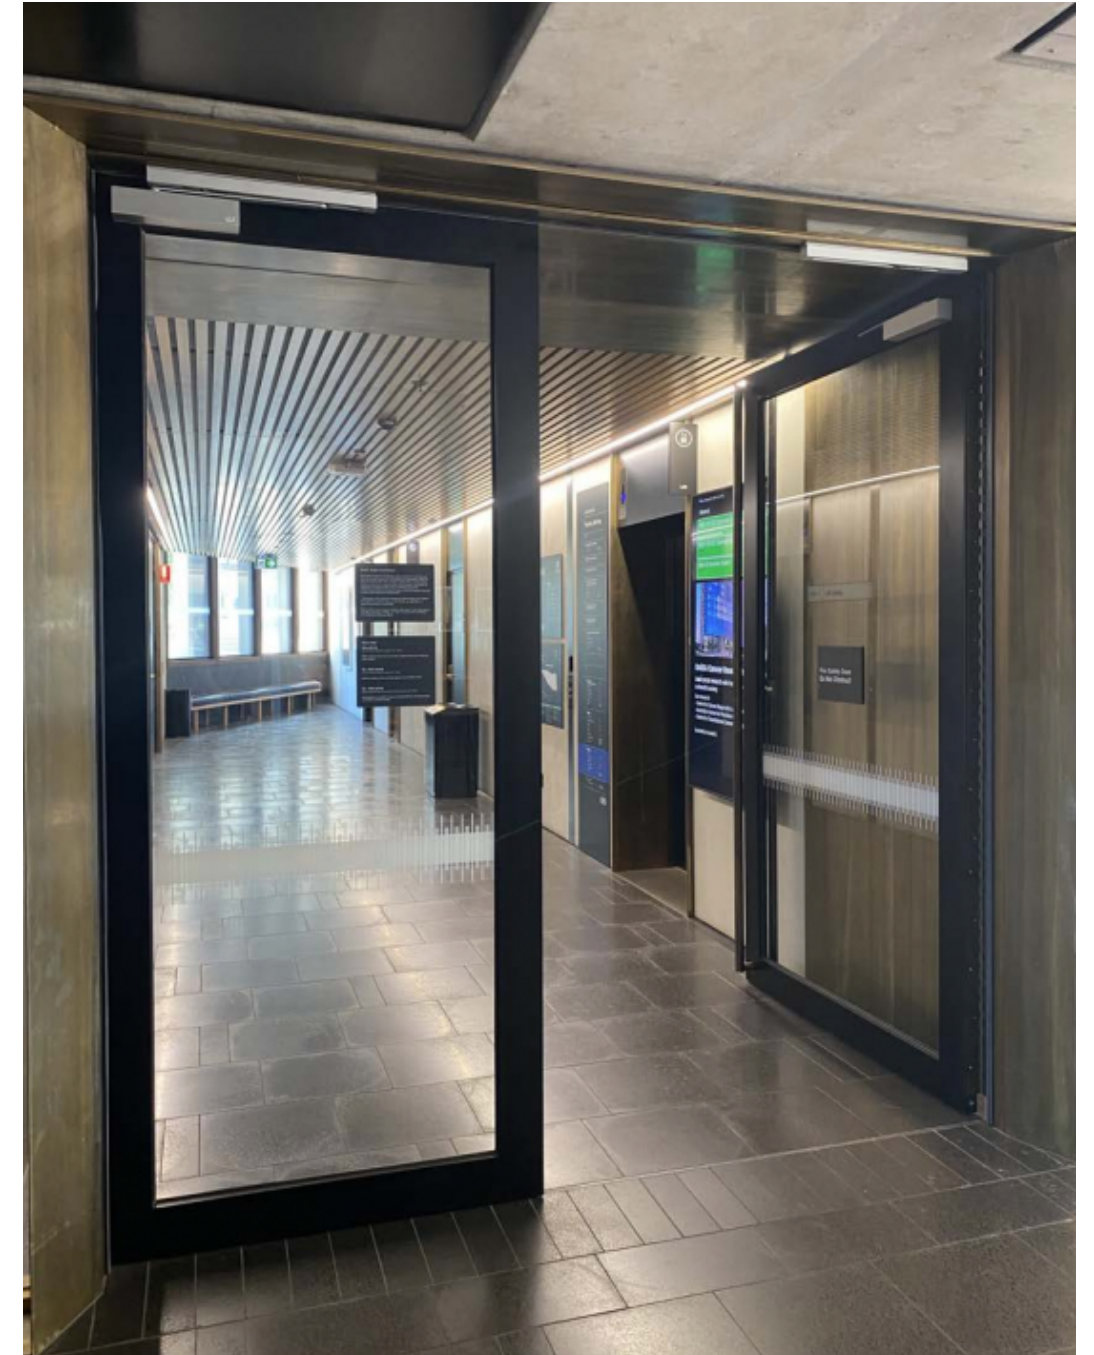

There are toilets on the ground and first levels.

If you can't find them, you can ask a Moderator or someone at Food Lore.

You can take the stairs or  
the lift to get between the  
Ground and First Levels.

If you want to go outside, we have a balcony on the first level.

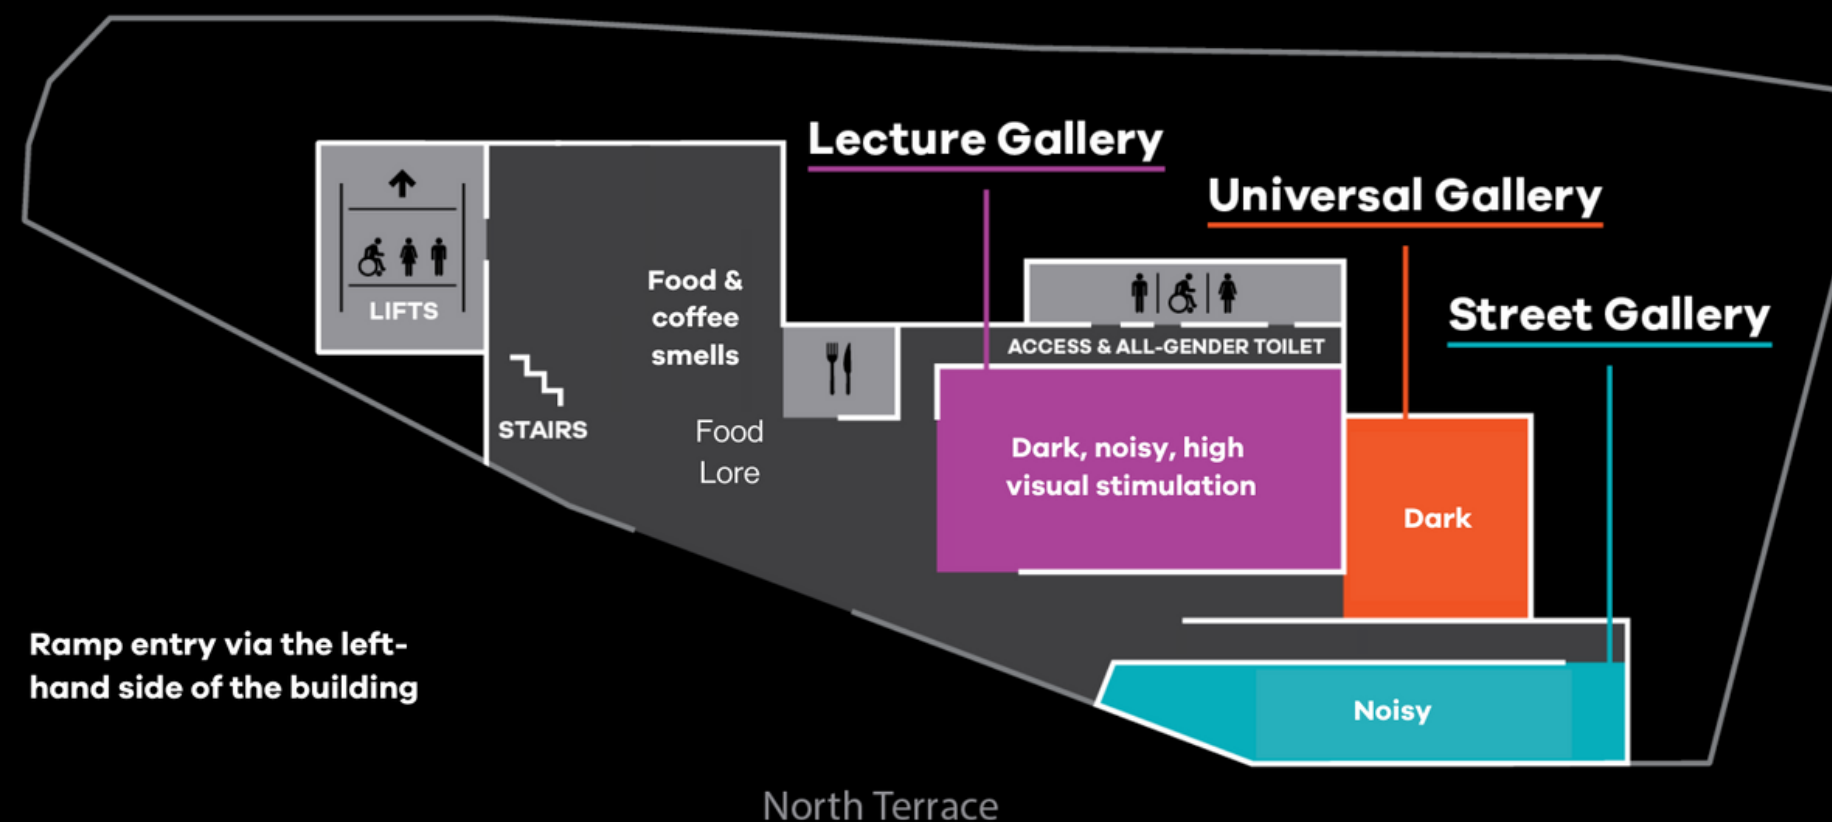

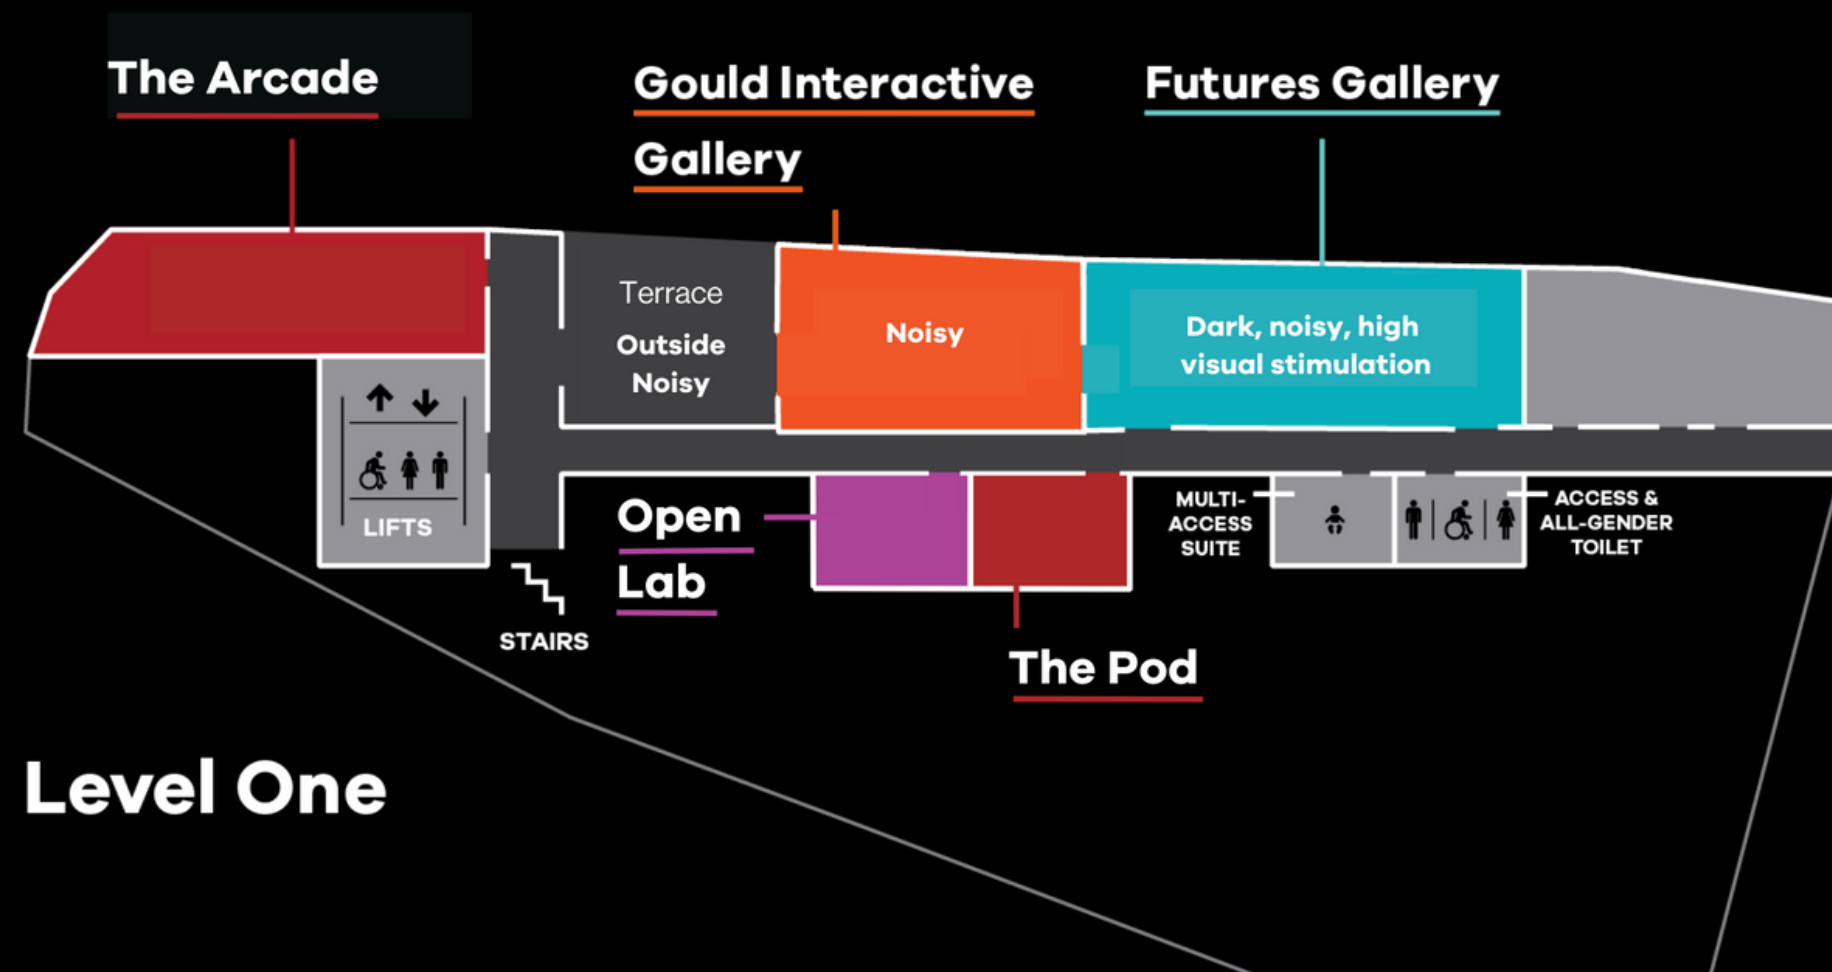

The Terrace overlooks the train tracks. It can be fun to watch the trains, but it can also be noisy!

We hope you have fun exploring our museum!
